Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The applicant has claimed a composition comprising an isolated polypeptide of SEQ ID NO: 2 having AHL acylase activity. The prior art does not teach SEQ ID NO: 2, having AHL acylase activity. Thus, Applicant's arguments and amendments to the above claim are sufficient to overcome the rejections of record. A standard search did not produce any prior art that suggests or teaches the claimed invention. The claimed invention is novel and nonobvious over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Claims 4-6 and 18-20 are allowed.
